

10th Annual Monsoon Party & PMT Anniversary BBQ!

sponsored by Rob Weber and Pinnacle Mapping Technologies

Saturday
July 25th
2 PM

PMT is celebrating 10 years in business by hosting the 10th Annual Monsoon BBQ!

*Camping at large may not be permitted due to USFS fire restrictions, so log on to www.fs.fed.us/r3/coconino for an update on the camping situation.

Bring a tent and **PLAN TO CAMP**. Feel free to camp out Friday evening or come out and set up your tent early to reserve a good spot. The Forest Service requests NO camping in the meadow. For safety reasons, please don't camp under dead aspen trees. Kids welcome! Toilets will be provided. I will provide BBQ items for those who RSVP. Bring plenty of water, beer, your favorite summer side dish and your own breakfast (don't forget the coffee).

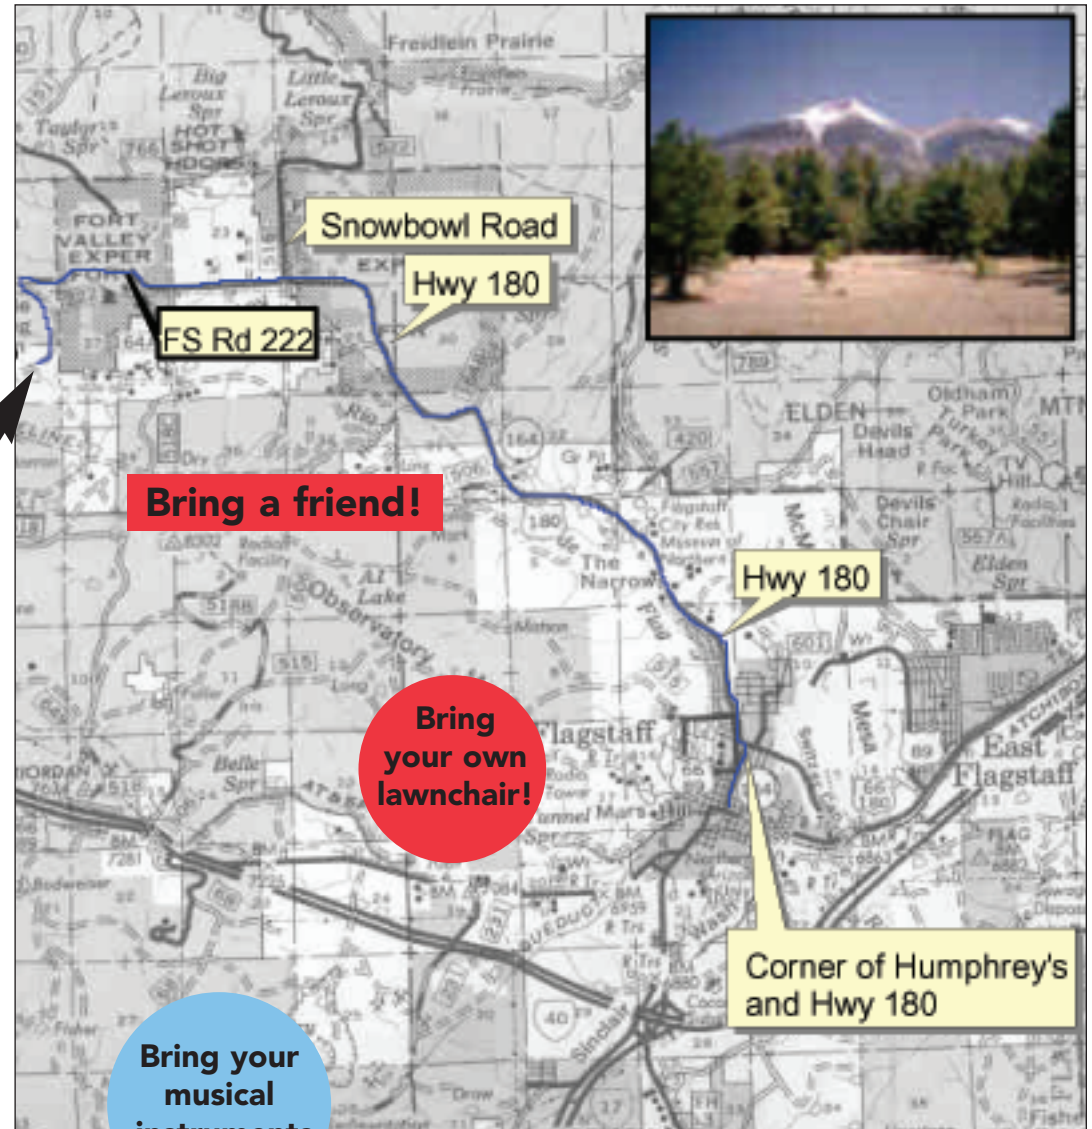

Directions:

From the intersection of Route 66 and Humphrey's, head North on Humphrey's to US Hwy 180. Turn left and follow signs towards Grand Canyon. (From this intersection, go 7.6 miles along 180, then turn left on Forest Service Road 222, just past Bader Road)

Good Clue: 1.2 miles past Snowbowl Road intersection, look for forest experimental station and turn left.

Proceed 1.2 miles on FS Road 222, then turn left, passing gate, until you reach the open meadow with fabulous views, aspen grove, and party atmosphere. We will have a huge canopy in case it rains, so don't be scared!! We will be there **REGARDLESS** of weather!

Please **RSVP** to Rob at mapguyrw@gmail.com or call 928.774.1753 (cell 928.380.0311) so I can get enough food.
